

Legend

Legend for List of Facilitators, Consultants and Organizations

AC: Aboriginal Culture – work includes cross-cultural training, cultural awareness and interpretation.

C: Communications – professionals able to assist with different aspects of communications such as writing, editing, newsletter preparation and report layout.

CD: Community Development – work towards improvements in the community, usually involving participatory group activities with citizens and other stakeholders.

CP: Conference and Event Coordination – work towards planning conferences, meetings and special events.

E: Evaluations and Monitoring – evaluations are overall assessments of a project/program/initiative and information collected during monitoring is usually used for the evaluation of the program.

ED: Economic Development – like community development, but the focus is upon ways that community members can start businesses or attract business/industry to their community in order to ultimately increase the goods and services available in the community and increase the amount material wealth in the community.

ET: Education and/or Training – training and courses with, or without, certification are offered by the organization.

F: Facilitation – work leading groups of people through discussion and participatory group activities.

G: Governance – work directed towards the operation of a First Nation's government.

IRS: Indian Residential School – work to increase awareness about the residential school experience and its impacts on individuals, families and communities and/or work to foster healing. Also see Personal Development (PD).

M: Mentorship – capacity-building activities and services intended to give First Nations people an opportunity to develop life skills and/or work skills.

PD: Personal Development – work in regard to grieving, trauma, conflict, resolution, anger management, violence prevention, life skills, self-care and self-improvement. Several Yukon government agencies will also provide workshops in some of these areas free of charge. See the Yukon Substance Abuse Directory and/or the Yukon Family Violence Resource Directory for contact information and details on the services these agencies provide. Also, see Indian Residential Schools (IRS).

PA: Proposal Assistance – consultants who can assist with proposal writing.

R: Research – collecting information in a systematic way in order to answer specific questions. Different types of research are conducted in somewhat different ways.

SO: Health and Social Software – companies that develop software (computer programs) suitable for staff in health and social departments. Includes programs that can be used for case management.

ST: Statistics – work or training directed towards quantitative research which generates statistics.
