Dear Ms Hagar:

RE: Yukon Government Support for the First Nations Joint Education Action Plan (JEAP)

I write to officially confirm Yukon Government's agreement with the document "YFN Joint Education Action Plan 2014-2024: A Blueprint to Strengthen Our Roots and to Close the Education Gap" that was endorsed by CYFN Leadership on March 28, 2014.

Yukon Government is proud to partner with the federal government, the Council of Yukon First Nations, the First Nations Education Commission and First Nations Governments to enhance the holistic education outcomes of First Nations students in our Territory. We will work together on a JEAP implementation plan.

I look forward to working together on a JEAP implementation plan which will improve educational outcomes for our First Nations students.

Sincerely,
